What Does This Mean?

Currently your school meals are provided by an external catering company. The decision has been made to bring the management of school meals back in house here at St Michael's. This move will enable the school and you to have more autonomy over school meals to ensure your children are getting the best meal possible.

We believe having control over our own menus and cooking our own school meals will enable us to provide a better lunchtime experience for your child. Meals will be produced fresh on site daily by our school catering team.

We have attached a copy of our menus for you to take a look at. Our menus are well balanced, exciting and focused on great value, healthy, hearty meals for your children.

We would love as many pupils as possible to join us at lunch time in eating a warm meal from our kitchen. If your child is not currently on school dinners and you would like to give them a go please take a look at the Arbor meal ordering guide.

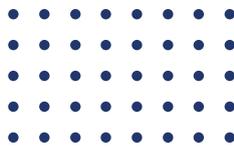

A Message from Mrs Grogan

“We have worked hard to put together a menu that we think your children will enjoy, one that will provide them with the fuel they need to get them through the school day.

We love to hear your thoughts and feedback on the food we serve, please do email the school office if you have any thoughts or feedback on our school meals.”

Meal Ordering

From the 2nd March the way your child's meals are ordered will change. Meals will now be ordered through Arbor by parents. Arbor is where you currently pay for school trips.

If your child is having a school meal with us—from 2nd March—you will be able to pre order these through Arbor from 23rd February.

Please ensure your account has sufficient funds to enable you to order a meal. Please scan this QR code to find a guide to school meal ordering on Arbor. If you encounter any problems with school meal ordering, please contact the school office.

Arbor Ordering

If you have any questions, please do not hesitate to contact our school office team.
